The ICD-10 Summit is North Carolina's primary source for our state's healthcare providers to gain information, education, and resources that will ensure preparedness and strategic implementation guidance in one setting.

On June 24, 2010 North Carolina Healthcare leaders will gather to address the challenges and opportunities, and identify optimal ways to ensure we all achieve a return on investment.

This one-day summit in Raleigh, NC will feature a cast of nationally respected, well-known speakers, experts, industry leaders, and practitioners from all healthcare settings.

This is an exceptional opportunity to connect with key decision makers and industry leaders. Gain the advantage of being associated with the collaborating organizations such as NCHA, NCHICA, NCHFMA, PwC, TM Floyd & Company, 3M, Maxim and NCHIMA at this prestigious event.
