

PFS Medical Records Coder III

Job Description

Assure accurate & complete assignment of codes, modifiers & case mix grouping (APC or DRG) that are supported by medical record documentation for inpatient and/or outpatient surgery records. Abstract all demographic & clinical data elements required for inpatient & outpatient surgery records. Assign other codes & data elements required for inpatient & outpatient surgery records. Review billing edit returns for revenue code/cpt mismatches and corrected accordingly. Assist with payer rejections related to coding issues for appropriate resolution. Complete all work in accordance with Hospital defined productivity and quality standards.

Requirements

3 years recent coding experience in acute hospital with RHIA, RHIT and/or CCS

OR 5 years recent coding experience in acute hospital without credentials.

Must obtain RHIA, RHIT and/or CCS certification within 3 years of start date.

Education Requirements

High School or GED. Must complete AHIMA-approved program within 3 years of start date.
